-
- A dot plot showing the number of people who have been vaccinated against COVID-19 in each country. The y-axis lists 10 countries: United States, Canada, United Kingdom, France, Germany, Italy, Spain, Netherlands, Belgium, and Sweden. The x-axis represents the number of people, ranging from 0 to 100 million. Each country's data is represented by a horizontal bar of dots. The United States has the highest number of vaccinations, followed by Canada, the United Kingdom, France, Germany, Italy, Spain, the Netherlands, Belgium, and Sweden.
